RID TEST LAB PRIVATE LIMITED AN ISO-9001:2015 APPROVED LABORATORY Plot No. 51, Nisaan Hut, NIT 5 North-West Portion, Faridabad - 121001(HR) GSTIN: 06AANCR5637A1ZF Email: ridtestlab@gmail.com Web.: www.ridtestlab.com Phone No. 9992992929 9873541071 9560404956  MEMORANDUM OF UNDERSTANDING FOR TECHNICAL & TESTING ASSOCIATION This Memorandum of Understanding ("MOU") is entered into between: RID TEST LAB PRIVATE LIMITED Plot No. 51, Nissan Hut, NIT-5, North-West Portion, Faridabad, Haryana, India NABL Accredited Testing Laboratory Accredited as per ISO/IEC 17025:2017 AND VETO FASTENERS Plot No. E-254, Focal Point, Phase-IV A, Near Kangaro Industries Limited, Ludhiana – 141010, Punjab, India GSTIN: 03AAWV0031E1ZG Email: info@vetofasteners.com VETO FASTENERS is an ISO 9001:2015 Certified and RDSO Approved Manufacturer of Industrial, Structural and Infrastructure Fasteners. RDSO Approval / Final Decision Letter No.: RDSO/108/1901/00040782 <i>Engineering Fasteners for Railways, Highways, Bridges & Industrial Infrastructure</i> 1. PURPOSE OF THE MOU The purpose of this MOU is to establish a professional and technical association between RID TEST LAB PRIVATE LIMITED and VETO FASTENERS for laboratory testing, technical evaluation and quality-assurance-related activities concerning fasteners, raw materials, components and allied products manufactured or supplied by VETO FASTENERS. This association is intended to facilitate reliable, professional and technically competent testing services in accordance with applicable standards and the laboratory's approved scope of accreditation. 2. SCOPE OF ASSOCIATION The association may include, as applicable and within the prevailing scope of accreditation of RID TEST LAB: (1) The result listed refer only to tested sample and applicable parameters. Endorsement of product is neither inferred nor implied. (2) Total liability of our lab is limited of the invoiced amount. (3) Sample will be destroyed after 30 days from date of test report unless otherwise specified. (4) This report not be reproduced wholly or in part and cannot be used as an evidence in the court of law and should not be used in any advertising media our special permission in writing. (5) Report refer to the sample submitted to us and not drawn by us unless mentioned otherwise. (6) Decision Rule: Conformity to the specification is determined based on the Simple Acceptance Rule (Shared Risk) as per ILAC G8:09/2019. Under this rule, the measurement uncertainty is not taken into account for the purpose of the Pass/Fail statement, and the risk of false acceptance is shared with the customer.

- Mechanical testing of fasteners and related components.
- Chemical analysis of raw materials and finished products.
- Tensile, hardness and other applicable mechanical tests.
- Metallurgical and material characterization.
- Coating and other applicable product-related testing.
- Testing as per applicable IS, ISO, EN, ASTM and other relevant standards.
- Testing and evaluation required for quality assurance, customer requirements and project-specific requirements.
- Issuance of laboratory test reports for tests actually performed by RID TEST LAB.

All testing activities shall be carried out in accordance with the applicable technical requirements and the laboratory's prevailing scope of accreditation.

3. TECHNICAL ASSOCIATION

Both parties agree to maintain a professional technical association for supporting quality, reliability and conformity assessment of products manufactured/supplied by VETO FASTENERS.

RID TEST LAB shall undertake testing activities based on mutually agreed requirements and subject to its technical capabilities and applicable accreditation scope.

VETO FASTENERS shall provide relevant product details, specifications, samples and technical information required for carrying out the agreed testing activities.

4. USE OF ASSOCIATION ON VETO FASTENERS WEBSITE & COMPANY MATERIAL

VETO FASTENERS may, with the prior consent of RID TEST LAB PRIVATE LIMITED, mention its technical association with RID TEST LAB on its:

- Official website;
- Company profile;
- Product brochure;
- Quality documentation;
- Corporate presentation; and
- Other official marketing or technical communication.

The association may be described in a factual manner, such as:

"Technical & Testing Association with RID TEST LAB PRIVATE LIMITED, an NABL Accredited Testing Laboratory."

Any use of the RID TEST LAB name, logo, NABL symbol or accreditation-related claims shall be subject to the applicable requirements and prior written approval of RID TEST LAB.

5. CONFIDENTIALITY

Both parties agree to maintain confidentiality of technical information, test data, specifications, reports and other proprietary information exchanged during the course of their association, except where disclosure is required by law, regulation or an authorized statutory body.

6. IMPARTIALITY & INDEPENDENCE

RID TEST LAB shall maintain the required impartiality, confidentiality and technical integrity in carrying out testing activities in accordance with its applicable quality-management and accreditation requirements.

Nothing in this MOU shall be interpreted as requiring RID TEST LAB to compromise its independence, impartiality or accreditation requirements.

7. NON-EXCLUSIVITY

This MOU represents a professional and technical association between the parties and shall not restrict either party from establishing similar associations with other organizations.

8. VALIDITY

This MOU shall be effective from the date of signing by both parties and shall remain valid for a period of **three (3) years**, unless mutually extended, revised or terminated by either party.

9. AMENDMENT

Any amendment, modification or addition to this MOU shall be made with the mutual consent of both parties and shall be recorded in writing.

10. TERMINATION

Either party may terminate this MOU by providing written notice to the other party.

Termination of this MOU shall not affect any testing activity or technical commitment already mutually agreed upon prior to the effective date of termination.

11. GENERAL UNDERSTANDING

This MOU represents the mutual understanding and intent of both parties to maintain a professional technical association. It does not create any partnership, joint venture, agency or employer-employee relationship between the parties.

Both parties shall endeavour to maintain professional standards and cooperate in good faith for the purposes covered under this MOU.

(1) The result listed refer only to tested sample and applicable parameters. Endorsement of product is neither inferred nor implied. (2) Total liability of our lab is limited of the invoiced amount. (3) Sample will be destroyed after 30 days from date of test report unless otherwise specified. (4) This report not be reproduced wholly or in part and cannot be used as an evidence in the court of law and should not be used in any advertising media our special permission in writing. (5) Report refer to the sample submitted to us and not drawn by us unless mentioned otherwise. (6) Decision Rule: Conformity to the specification is determined based on the Simple Acceptance Rule (Shared Risk) as per ILAC G8:09/2019. Under this rule, the measurement uncertainty is not taken into account for the purpose of the Pass/Fail statement, and the risk of false acceptance is shared with the customer.*
